Build your International Team Quickly and Easily with G-P

Learn how to access new opportunities by leveraging our powerful combination of technology and global expertise in these scenarios.

SCENARIO #1:

Managing employee relocation

Challenge faced: A Canada-based engineering company wanted to retain an employee relocating to Germany but didn't have an entity in Germany nor the time and resources to undergo the setup process.

Problem solved: Thanks to G-P, the company seamlessly transitioned the employee to our Germany entity. The employee received a complete, compliant benefits package, and payroll ran smoothly from day one.

SCENARIO #3:

Staying compliant in international markets

Challenge faced: An Australia-based financial services business had clients in over 100 countries. As it was expanding rapidly, the company wanted to partner with a global growth expert to accelerate its speed to market and onboard a full-time hire in Germany.

Problem solved: With G-P's coverage in 180+ countries and deep local labor law expertise, the company quickly onboarded its new hire and proceeded with its expansion plans.

SCENARIO #2:

Building a global team

Challenge faced: A Germany-based website-building company was looking to hire remote employees in Spain, Colombia, India, Mexico, China, and the UAE.

Problem solved: With G-P's recruiting expertise, the company was able to find, hire, and onboard skilled team members quickly and compliantly in every location.

SCENARIO #4:

Managing mergers and acquisitions

Challenge faced: A U.S.-based multinational company was engaged in an acquisition and needed support to get the deal signed and closed.

Problem solved: The support and knowledge provided by G-P enabled successful deal completion, including transitioning 14 professionals across five countries and avoiding transition services agreements.
