# UKG Ready Integration

Easily manage your global workforce by integrating UKG Ready with G-P's global employment products.

### Feature overview

G-P's global employment products seamlessly integrate with UKG Ready and many other HCM solutions, making it easier to hire, onboard, and manage your global teams with a connected tech stack.

### Problem solved

Employee data is often stored across multiple systems, making it difficult to maintain accurate and up-to-date records. With this integration, you get one reliable source of truth.

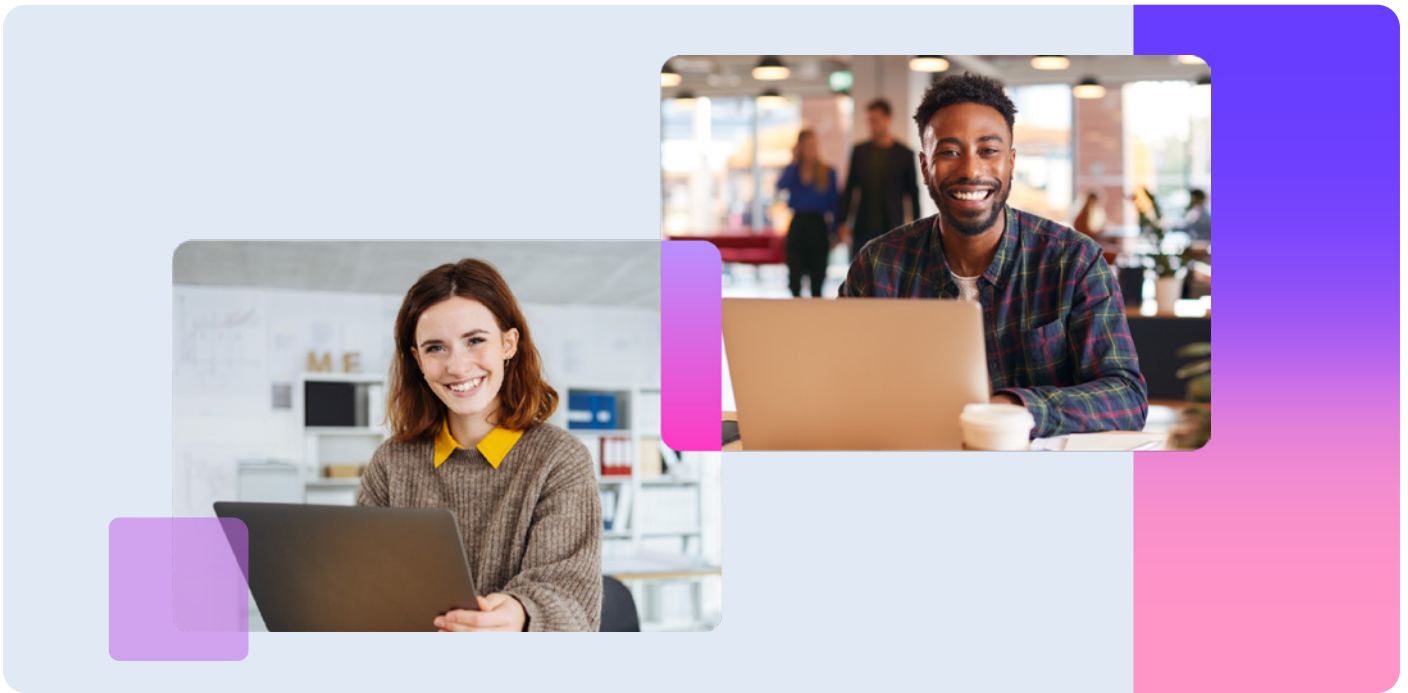

### Opportunities unlocked

Through our integration with UKG Ready, you can easily manage and analyze data for your global teams. You'll save time and effort, so you can focus on other aspects of your business. To immediately synchronize employee records with UKG Ready, activate the integration with these five simple steps:

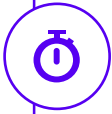

1. Go to the Integrations section of the **G-P** platform.
2. Select the **UKG Ready** integration.
3. Input your **UKG Ready** and/or **G-P** credentials when prompted.
4. Map your data between the **G-P** platform and **UKG Ready**.
5. Complete the setup and view your **G-P** employee data in **UKG Ready**.

## Key features

- **Input credentials for new professionals** in the G-P platform and automatically synchronize their information with UKG Ready.
- **Sync professional data** one way from G-P to UKG Ready to keep information on employee records consistent and secure.
- **Synchronize important professional data fields** such as first and last name, work email address, personal email address, phone number, job title, tax identity number, birth date, citizenship, start date, and hire date from G-P to UKG Ready automatically.
- **Quickly export data** for regular annual or monthly reporting with confidence that the information is always up to date.

## Key benefits

- **Maintain one source of truth.**  
Ensure your global HR data is always up to date without the need to manually verify every system.
- **Improve data governance.**  
Prevent data duplication and inaccuracy that can lead to costly and time-consuming errors.
- **Reduce onboarding time.**  
Create a new employee record in the G-P platform without manually repeating the process in UKG Ready.
- **Free up your HR team.**  
Automate data transfer between systems to keep your organizational chart accurate and updated.

Our **UKG Ready** integration is a key feature in our suite of global employment and Employer of Record offerings. Together, our industry-leading products, features, and services help companies of all sizes quickly and compliantly hire, onboard, and manage global teams in 180+ countries.
