STATE OF RHODE ISLAND

IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2026

AN ACT

RELATING TO HEALTH AND SAFETY -- MATERNAL AND CHILD HEALTH SERVICES FOR CHILDREN WITH SPECIAL HEALTH CARE NEEDS -- EARLY INTERVENTION EXTENSION--BRIDGE TO PRESCHOOL

Introduced By: Representatives Tanzi, Ajello, Speakman, Boylan, Donovan, Carson, Cotter, Shanley, McGaw, and Bennett

Date Introduced: February 11, 2026

Referred To: House Health & Human Services

It is enacted by the General Assembly as follows:

1 SECTION 1. Legislative findings.

2 The general assembly finds and declares the following:

3 (1) Rhode Island has long been committed to delivering high-quality services to support
4 positive early childhood development and learning of children with developmental delays and
5 disabilities under Part C and Part B, Section 619 of the federal Individuals with Disabilities
6 Education Act ("IDEA") from infancy to kindergarten entry.

7 (2) Early identification and delivery of high-quality early childhood IDEA services to
8 children with developmental challenges, developmental delays, and disabilities can improve
9 educational outcomes, reduce long-term costs of special education, and maximize the long-term
10 potential of children succeeding in school and life.

11 (3) Effective early childhood IDEA services can help children make substantial
12 developmental progress. In Rhode Island, two (2) out of three (3) children with disabilities who
13 entered preschool below age expectations substantially increased their acquisition of knowledge

14 and skills to close or narrow the gap with same-age peers.

15 (4) The Rhode Island early intervention program established pursuant to § 23-13-22,
16 managed by the Rhode Island Executive Office of Health and Human Services, is the state's
17 comprehensive, coordinated, multidisciplinary, interagency system that provides early intervention
18 services for infants and toddlers with developmental delays and disabilities and their families, as

1 described and partially funded through Part C of the federal Individuals with Disabilities Education
2 Act.

3 (5) The Rhode Island Department of Education oversees the state's early childhood special
4 education services providing free, appropriate, public education to all eligible children ages three
5 (3) to five (5) with developmental delays and disabilities, partially funded through a preschool
6 formula grant under Part B, Section 619 of the IDEA.

7 (6) Currently in Rhode Island, there is a strict cut off at a child's third birthday of Part C
8 early intervention services. For children enrolled in early intervention who have spring or summer
9 birthdays, this cutoff can lead to a gap of services before they start the early childhood special
10 education services in September. Gaps are also created when a child's transition from Part C to Part
11 B services is delayed for other reasons.

12 (7) Federal law allows states to create an option for families to extend early intervention
13 services beyond a child's third birthday. See 34 C.F.R. § 303.211.

14 (8) Six (6) states (CO, CT, IL, MD, MO, TN) and the District of Columbia (DC) have
15 implemented federally-approved frameworks to allow families to extend early intervention beyond
16 the child's third birthday. This helps ensure continuity of services, fewer gaps in services and more
17 students starting school in September with services in place.

18 (9) Under 34 C.F.R. § 303.734, the federal government reserves fifteen percent (15%) of
19 any Part C appropriations in excess of four hundred sixty million dollars (\$460,000,000) for states
20 with federally-approved early intervention extension options. In federal fiscal year 2023, the federal
21 government appropriated five hundred forty million dollars (\$540,000,000) for Part C, meaning
22 that the funds reserved for early intervention extension states totaled twelve million dollars
23 (\$12,000,000).

24 SECTION 2. Section 23-13-22 of the General Laws in Chapter 23-13 entitled "Maternal
25 and Child Health Services for Children with Special Health Care Needs" is hereby amended to read
26 as follows:

EXPLANATION
BY THE LEGISLATIVE COUNCIL
OF
AN ACT
RELATING TO HEALTH AND SAFETY -- MATERNAL AND CHILD HEALTH SERVICES

EXTENSION--BRIDGE TO PRESCHOOL

1 This act would permit children with diagnosed developmental disabilities whose third
2 birthday is between May 1 and August 31 to continue to receive early intervention services through
3 September 1 after the child's third birthday. Further, this act would direct the EOHHS to develop
4 and implement a plan to ensure continuity of services and minimize gaps in support as children
5 with services transition to early childhood special education. Additionally, this act would require
6 private health insurers to cover this extended early intervention option.

7 This act would take effect upon passage.
